

## **Policies and Fees for Purple Inc. Services**

### **Length of Stay**

The Recovery Residence Program is an immersive process that allows young men to move from addictive thinking to a healthy productive lifestyle. While we talk about the process at Purple being six months long, the actual readiness for completion is based on the efforts of each individual.

### **Unplanned Discharges and Refunds**

If a client leaves or is discharged for any reason, he may be given a set of directions to follow, if he follows these directions he may be allowed to return to treatment. These directions might include staying with Alumni for 3 to 7 days, completing detox, stabilizing in a mental health facility or completing a 30-day inpatient program. If he does not or cannot follow the directions he will not be allowed to return, and staff will happily give you recommendations for other facilities that we think would be appropriate.

After the initial 72 hours **No part of the fee is refundable,\_\_\_\_\_.**

However the account will receive a credit that can be used within 90 days, when or if he returns. Prior to the initial 72 hours Purple will refund your payment minus \$1000, intake and processing fee.

### **Third Party Services**

Certified addiction counselors staff Purple Inc. We have no psychologist or any medical personnel on our staff. Any client requiring services beyond the scope of practice of the Purple Inc's staff will be referred to the appropriate service provider. Any expense incurred will be a financial matter solely between the client (and/or his family) and the service provider. Purple Inc accepts no financial responsibility for expenses incurred from an outside provider.
